

Heavy-duty cart

As the name implies, the heavy-duty cart is an ideal solution for moving heavy loads. The frames and castors of all the models can withstand extremely heavy loads, and the total load capacity of the standard cart is up to 1322 lbs. Four different combinations are available, ranging from a simplified model with 2 shelves to a highly customized solution. The working height is approximately 35.4", depending on the model.

- A sturdy, powder-coated (RAL 7035) steel frame
- Four different combinations are available
- The total load capacity of the standard model is up to 1322 lbs
- The load capacity of the shelf is up to 881 lbs
- Some accessories are available
- Two fixed castors (⌀ 3.9") and two swivel castors (⌀ 3.9") with brakes
